We work with passion, Performance

- We set challenging goals and achieve them by exceeding expectations.
- We deliver the right work in the best way to achieve results.
- We act quickly and complete our tasks.
- We create opportunities for entrepreneurship and innovation through an innovation-driven approach.
- We prioritize and support personal development for sustainable performance.

We succeed Together

With the "People First" philosophy:

- We approach each other with a smile and mutual respect.
- We see differences as diversity and value them.
- As a team, we continuously learn, support each other, and help each other grow.
- We do not avoid conflict; instead, we solve problems together.
- We appreciate effort and success.
- We take individual responsibility for everything we do.
- We build our relationships with all stakeholders on the basis of mutual trust.

We Walk With Our Customers

- We shape the future with our customers.
- We meet and exceed our customers' needs.
- We approach problems with open and positive communication.
- We quickly adapt to changing needs and provide solutions.
- We guide our products and services with a culture of innovation and renewal.

Sustainability is our priority

- Sustainable growth is our focus.
- We see environmental awareness as the foundation of sustainability.
- We achieve sustainability together with our employees, partners, and customers.
- We value the environment, our employees, our partners, and our customers.
- We act with a sense of social responsibility.
- We ensure that occupational health and safety becomes a cultural and sustainable practice.
